**Climactive**

Our innovative functional fabric helps the body to stay in the optimum temperature range at all times. The active particles in the fabric react to the body heat and moisture - they accelerate evaporation when you are too warm and slow down heat loss when you cool down.

**GRS Standard**

PET bottles are recycled into new fashion. Plastic bottles are crushed, melted down and spun into new yarns, some of which are used in production up to 100%. The Global Recycled Standard (GRS) stands for independently verified recycled materials, transparent supply chains and fair, environmentally friendly and health-conscious production conditions.
